

Ethan Carter - Frontend Developer

San Francisco, CA ethan.carter.dev@email.com (123) 456-7890

github.com/ethancarterdev | ethancarter.dev

Profile

Creative and detail-oriented Frontend Developer with 4+ years of experience building responsive, scalable, and accessible web applications using modern technologies such as React, Next.js, TypeScript, and Tailwind CSS. Passionate about delivering exceptional user experiences and collaborating in agile, cross-functional teams.

Professional Experience

Frontend Developer

TechNova Solutions, San Francisco, CA

May 2022 - Present

- Developed and maintained complex web interfaces using React, Next.js, and Tailwind CSS.
- Led the migration of a legacy codebase from jQuery to React, improving load time by 35%.
- Implemented role-based access control (RBAC) and internationalization (i18n) in a multi-tenant application.
- Collaborated closely with UX/UI designers and backend developers in a Scrum team.

Junior Frontend Developer

PixelForge Studios, Remote

Aug 2020 - Apr 2022

- Built reusable React components, improving developer productivity.
- Integrated RESTful APIs and handled asynchronous state management using Redux Toolkit.
- Optimized performance of core pages using lazy loading and code splitting.
- Wrote unit and integration tests using Jest and React Testing Library.

Skills

Languages: JavaScript, TypeScript, HTML5, CSS3, SCSS

Frameworks & Libraries: React, Next.js, Redux, Tailwind CSS, React Query
